25	26	27	28	29	30	31

Holiday: No collection. Follow arrows for your collection day.

FREQUENTLY ASKED QUESTIONS:

Question: Where does the recycled material go?

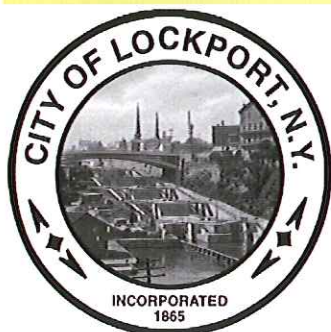

Answer: All collected recyclables are transported to Buffalo Recycling Enterprises in Buffalo, NY where they are sorted, bailed and sold to buyers for use in new products. For example, your refuse and recycling carts are made with 20% recycled plastic!

Question: How do I place my cart out in the snow?

Answer: We encourage you to clear a spot to place your cart when snow is on the ground. If you would like to place your cart in your driveway, you are welcome too, however expect your cart in the same location where you left it. Also, you may skip a week of refuse and recycling collection if you prefer.

Question: Why did the city select a Pay-as-you-Throw option with a User Fee?

Answer: Pay-as-you-throw is a equitable waste management program that saves taxpayer dollars by reducing labor and disposal costs and everyone contributes based on the service they need (instead of subsidizing everyone else). Implementing a User Fee allows the City to bill for services to those parcels receiving services.
